REAL ESTATE.

Prairie du Chien Land Agency.
THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota. It is unnecessary to make any comments, for it is too evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.

WATER POWER IN WISCONSIN
TO RENT OR LEASE.
THE DEPERE COMPANY offer to lease, on easy terms, any required power for MANUFACTURING PURPOSES. The Dam is at Depere, and is the last Dam on the great Fox and Wisconsin Improvement, and at the head of navigation for the largest sized vessels navigating the great lakes. The power is *inexhaustible*, and in the midst of immense white pine and other timber lands, and, being at the head of the above-mentioned Improvements, will be supplied at the lowest terms with the produce of the great Fox River Valley, and this, among other advantages, makes it a most desirable point for MERCHANT GRIST MILLS, as grain can be unloaded directly from the boats into the mill, and Flour loaded directly into the vessel, for transportation to Buffalo or other eastern ports. The above Company also offer, for rent, rooms, with power attached, in a large and convenient building.

DAILY SENTINEL.

☞ The following is contributed to the *Home Journal* by Mrs. T. H. Bryantine, of Galveston, Texas:

The Child and Sunbeam.

I saw a youthful mother,
Once on a summer's day,
Set down her smiling infant,
To watch its frolic play,
It gamboled on the flowers
That decked the carpet o'er,
And seemed with childish wonder
Each object to explore.

A something on the instant
Its glad career arrested;
And earnestly it gazes where
A golden sunbeam rests;
While on the new found glory
It fixed its wondering eyes,
And trustfully reached forth its hands,
To seize the glittering prize

And how its tiny fingers clasp
The treasure rich and rare,
Which in its baby innocence
It surely thought was there;
But ah! the hand uncloses,
And to its earnest gaze
Reveals no gems of beauty—
No bright imprisoned rays

And then the first of many tears
Fell on that cherub face—
The first sad disappointment
In life's uncertain race!
And thus it hath been with us all,
Who its dark game hath played—
We've sought to grasp the sunshine,
And only found the shade

The Spirit of 1776 and 1856.

The editor of the *Buffalo Republic*, who was present at the Convention at Philadelphia, thus speaks of its spirit

Never before in the history of political conventions has such unanimity and such enthusiasm been apparent; and never before was action tempered with a greater amount of wisdom and discretion. Young America, enthusiastic and sincere, was largely predominant, but there was just enough of conservatism present to guide and assist the deliberations of the convention.—The action of this dignified body was such that while it commands the heartiest approval of all true lovers of liberty, will, when we are in our graves, be placed side by side with that of a similar body which met nearly on the same spot 80 years ago, and framed that immortal declaration which has proved the rallying cry of the oppressed of all nations throughout the world. The Congress of 1776 declared for the first time in favor of those inalienable rights of man which are self evident by God-given, and pledged "their lives, their fortunes, and their sacred honors" to maintain them to the last. The Convention of 1856 re-affirmed those self-evident truths, and planting themselves firmly upon the platform of human rights, go forth in the same spirit and with the same holy purpose in their defence, against the common foes of mankind—tyranny and slavery.

The Congress of 1776 called upon the young engineer and explorer of the Alleghanies to lead their armies to battle in the great cause in which they were enlisted, and the manner with which he discharged that trust is familiar to the world. The convention of 1856 have made choice, as their standard bearer in this crusade, *of the young explorer of the Rocky Mountains and the conqueror of the Californias.* We know him to be tried, truthful and brave—devoted to freedom, and in every respect worthy of the great trust confided to his charge. The convention believed him worthy of their confidence, and we unhesitatingly approve of their decision. Will the freemen of the North respond? We believe they will. There is a tremendous upheaving of the popular waves, which already gives token of the earnestness of the popular feeling, and which will continue to surge backward and forward until the black banners of slavery are engulphed.

Another Page of the Record.

Mr. J. Winchester, who was formerly editor of the *Daily Pacific News*, the first Democratic paper established in California, writes to the New York *Tribune*, detailing the causes which transpired to defeat the re-election of Col. Fremont to the U. S. Senate. We extract the following:

"The sentiments of Col. Fremont I have good opportunities of knowing. During the canvass for United States Senator from California, in 1850, I was editor of the *Daily Pacific News*, — ... *It was distinctly because he was a Free State man.* The plot was already formed to divide the State, and from the Southern portion form a Slave State; but this issue the conspirators dare not present. Of all these plots, and of the prominent actors in them, my position gave me the fullest cognizance. Col. Fremont was true to the interests of freedom and was sacrificed.

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment!

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile south of the city limits, and 2½ miles from the Walker's Point Bridge. It is situated upon four corners, and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots of twenty acres each, with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will both be in view

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four *Farms of forty acres each, in a square form*, and have living and durable water upon each forty acre, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet, and upon the premises. A thrifty young orchard of *ninety bearing apple trees.*

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Unculled Timber,

two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber) and half a dozen black walnut trees, alone worth $10 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood only, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and hitherto designed it as my homestead, I am unwilling even now, though I have made up my mind to sell it, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie, within the last two years.

"The freemen of the North have a deep interest in keeping labor free, exclusively free, in the new territories. * * * * I have made up my mind, for one, that, UNDER NO CIRCUMSTANCES, WILL I CONSENT TO THE FURTHER EXTENSION OF THE AREA OF SLAVERY in the United States, *or to the further increase of Slave representation in the House of Representatives.*"—DANIEL WEBSTER.

NEWS OF THE MORNING.

The *Africa*, with four days later dates from Europe, arrived yesterday. She brings news of another considerable advance in Flour and Wheat. As the telegraph line was down last night, we have no other details than our private despatch contains.

Col. FREMONT's admirable letter, accepting the nomination and endorsing the platform of the Democratic Republican Convention at Philadelphia will be found in this morning's paper.

We publish to-day the conclusion of another excellent letter from our foreign correspondent, dated at Jerusalem.

The proceedings of the great Fremont Ratification meeting at Buffalo will be found briefly sketched in our columns. Many of the active participators are well known and influential Democrats.

A variety of interesting correspondence will be found in this morning's paper.

Col. Fremont's Letter.

We publish this morning the reply of Col. JOHN C. FREMONT to the letter addressed to him by the Committee of the Democratic Republican Convention at Philadelphia, appointed to notify him of his nomination for the Presidency. Those of the Hunker press and party, who have affected to doubt where and how Col. FREMONT stood on the prominent issues of the day, can have their doubts satisfactorily solved by a perusal of this admirable reply. It is frank, manly and explicit in the avowal of opinions, excellent in spirit, and faultless in style. No man can mistake, or misrepresent Col. FREMONT's position in the pending struggle. He has spoken for himself, and in tones and language that every lover of liberty and of his country must appreciate and admire.

The News Cornered.

The passage by the Democratic Senate of the Know Nothing bill to *force* Slavery into Kansas, by the joint operations of driving out one portion of the Free State settlers and disfranchising another, occasions no little uneasiness to our neighbor of the *News*. Not, indeed, that it disapproves of this bill, or its object; but that it is sorely puzzled to make our foreign-born electors understand why *they* should be disfranchised by the very party, which has always professed to be their exclusive and only true friends. In this difficulty the *News* resorts to a variety of dodges, of which the following is an average specimen:

☞ Remember that the only Northern Senators who voted for Adams' K. N. amendment to the Kansas bill, were Collamer, Fessenden, Foot and Foster, Black Republicans from Vermont, Maine and Connecticut. Every Northern democratic Senator voted against it.

Not so. Mr. BRODHEAD of Pennsylvania, BUCHANAN's right hand man, was one of the Northern Democratic Senators who voted *for* this amendment. It was incorporated into the bill by the votes of 13 Buchanan, 5 Fillmore and 4 Fremont Senators; and the bill, *as thus amended*, was passed by the united vote of *all the Democratic and Know Nothing Senators* against the united vote of all the Republicans. This fact is conclusive as to the responsibility for this Know Nothing measure. But more than this, we have the authority of the *News'* own Washington correspondent (quoted by us yesterday) for stating that "Adams' K. N. amendment to the Kansas bill" was adopted by the *"patriotism of Democratic Senators"* and as "a concession to the Know Nothings." It was, no doubt, the understanding of these allies that foreigners were not to be trusted to vote in Kansas, because they were all Free State men; and hence Know Nothings and Democrats united to proscribe them!

We are not at all surprised at this, since it is only the beginning of the end; for if the South wins in the coming Presidential contest the proscription of foreigners will become general and systematic. But we *are* surprised that the *News*, a professing Anti-K. N. paper, in its zeal for Slavery in Kansas, should so far forget its former declarations of regard for the rights of adopted citizens, as to praise the *"patriotism"* of those Democratic Senators who voted to disfranchise the foreign-born settlers in Kansas, as a "concession to the Know Nothings!"

FREMONT'S SWORD *v.* BROOKS' CANE.—The Washington correspondent of the N. Y. Times, says:

I heard a striking expression from the lips of a Southern lady and a slaveholder, a day or two since. Remarking the fact that the State of South Carolina presented a sword to Col. Fremont for his services in the conquest of California, she said, "South Carolina presents her heroes with swords, and her cowards with canes!"

From Our New York Correspondent.

NEW YORK, July 8.

The feverishness which, for a while, agitated our commercial classes especially, as to the state of affairs with England, has passed off; and the good sense with which the embarassing condition of affairs between the two countries has been treated by the public men and public opinion of England, and the frank expressions of the mercantile and manufacturing interests, of their repugnance to any unnecessary war with this country—are honorable to that country and may be worthily imitated in ours. But in very truth, in this our Republic, where party is so intolerant and so wanting in real independence is public opinion and public discussion—public men dare not—as we have seen them do in the English Parliament and the English press—admit that their country may be in the wrong, and that the foreign nation with whom they have a controversy, may be in the right. Mr. Crampton is at this moment more condemned in England than he was here, and the danger of collision, to which the two nations have been exposed, is set down to his incapacity, or carelessness, or both.

Any leading man, or leading newspaper in our country, that should hold like language in similar circumstances of an American negotiator, would be set upon at once by the hyenas of party and demagogues in Congress and demagogues of the press would open in full chorus against such *moral treason*, as it would be mildly called, and such unpatriotic leaning against their own country. With all our boasting about freedom of opinion, freedom of speech and freedom of the press, we are practically intolerant of all—and most intolerant precisely in the cases where, if ever valuable, this freedom would be most especially valuable and desirable. Who, for instance, that understands the real, earnest love of freedom which characterizes the Englishman, can persuade himself that in any portion of the British Empire, where the Constitution and the laws of England are in force, such statutes as those enacted in Kansas against any discussion of Slavery, could have been passed, or if passed would have been submitted to for an hour?

Who that understands English love of fair play can believe that such a cowardly outrage as that of the ruffian Brooks upon Senator Sumner could in that country, be apologized for, nay justified, complimented and honored by men of high position, of education, character and mature age?—No, no—all these and like scenes are the fruits of semi-barbarism; and all derive from the same bitter root, *Slavery*. Root that out and the source, almost, of all our woes and wickednesses in politics would at once be dried up. Yet instead of setting limits to this great curse, this fruitful mother of wrong and crime—the party which calls itself Democratic, which asks the support of the People under the false pretence of being of and for and with them on all questions; this treacherous party, makes the extension of slavery one of their cardinal principles, and with the properly associated principle of the right to rob our neighbor of whatever territory we may conceive essential to our own welfare, they venture to go before the country and the world and to claim, in the name of democracy, support to doctrines which strike alike at all equality among men and all security amongst nations. Can such bold hypocrisy, such mockery of Humanity and of Heaven deceive the people of the U. S.? The ides of November must answer. For myself, I have faith that the answer will be unhesitatingly adverse—but faith without works cannot avail in this, any more than in a higher calling—if, indeed, they be not identical, and if, when working for Freedom and Right on earth, we are not doing work acceptable to God. Courage, then, and perseverance, and thus VICTORY!

The Ostracism at Freemen.

Among the Delegates to the recent Democratic Republican Convention at Philadelphia, which nominated FREMONT for the Presidency, were two gentlemen from Virginia; JOHN C. UNDERWOOD, of Clarke, and GEO. RYE, of Shenandoah. Mr. UNDERWOOD, during the Convention, made a short speech, deprecating the extension of Slavery into Kansas, as fraught with evil, and illustrating his views on the question by referring to the injurious effect of the "peculiar institution" upon his own State, Virginia. This exercise of "free speech" has given great offence to the "chivalry" of Virginia, and a public meeting has been held to deal with the offender. At that meeting, the following, among other resolutions, was adopted:

Resolved, That a committee be appointed to wait upon Mr. Underwood, and inform him of the just feelings of indignation created by his course in the Convention referred to, together with his former (reputed) course in regard to the institution of Slavery, and that they deem it just and advisable that *he should leave the State as speedily as he can find it in his power to do so.*

Border Ruffianism, it will be seen, prevails in Virginia, as in Kansas. In both "Free Speech" is rigorously proscribed, and every man who dares to say that he is opposed to Slavery and in favor of Freedom, is treated as an outlaw and hunted out, or *shot down*. The freedom of speech and of the press are among the rights guaranteed to the People by the Constitution of the U. S.—But Slavery and Sham Democracy set that Constitution at defiance and treat as felons those who dare to speak a word in favor of Liberty! Is it not incredible that such outrages should be openly tolerated in this boasted "home of the free;" and that the party which sustains and sanctions them should impudently arrogate to itself the title of "national," and stigmatize its opponents, the advocates of Free Press, Free Speech and Free Institutions, as "sectional!"

The Admission of Kansas.

The Watertown *Democrat*, after announcing the passage of the bill in the House of Representatives for the immediate admission of Kansas as a *Free State*, thus frankly admits that it is the best way to settle the pending difficulty:

If there was any prospect that the Senate would follow the same course—although there may be some irregularity and informality in the manner in which the proposed State presents itself—we should believe this would be the easiest and best way of settling the whole question, and also of quieting the prolonged and angry excitement which has arisen since the renewal of the slavery agitation, in consequence of the unwise and unjust repeal of the Missouri Compromise. The people of the South cannot reasonably object to this action. The people of the North feel that the territory of Kansas, has once been solemnly consecrated to freedom by the very section now striving to blast its fair promise with bondage, and that all attempts to force this evil on its soil, is a wrong, a fraud, a breach of faith, which ought to be resisted to the last. The sooner this irritating and distracting quarrel is ended, and ended in favor of the right, the better.

Very true. And the quarrel will be ended, the moment the Senate passes the House bill. That will effectually settle the question. The report of the select committee proves beyond all cavil that the Topeka constitution reflects the opinions and wishes of the majority of the actual settlers in Kansas. There would be no more "irregularity" in admitting Kansas into the Union with this constitution, than there was in the cases of Michigan, Vermont, Tennessee, California and half a dozen others. There is, indeed, but *one* reason why the Senate refuses its assent to the House bill; and that is, *to give Slavery another chance.* Admit Kansas *at once*, as the Republican House proposes, and the question is settled now and for all time to come. Refuse to admit her and compel the people there to go through the form of passing another constitution, as the Democratic Senate seeks to do, and Slavery will make a second and probably successful effort to erect its black standard on Kansas soil. This is the issue now before Congress. Let the Freemen of the North watch the decision!

"AMUSING."—Our grave cotemporary, the *Commercial Advertiser*, says its editorial embarrassments in choosing a presidential candidate were "amusing, as much as annoying." The embarrassments of the *Commercial* have been rather amusing to others, but we had no suspicion of their being amusing to itself.—*N. Y. Times.*

(CONCLUDED.)

JERUSALEM, April 1, 1856.

There was a holiday just before I left, and I should judge it was especially set apart upon which to get married; for I presume I saw at least a dozen wedding processions, including the extremes of the common people and the aristocratic. Each procession was preceded by another of somewhat different character, that of circumcision. What earthly connection there is between the two, or why the latter should take precedence of the former, are questions some one more learned in oriental manners and customs than I am will have to answer. In all of these processions, the ladies seem to be the only ones interested, for I saw no men except the musicians and servants. Where the bridegrooms were all this time I do not know.

The first I shall describe, the parties were undoubtedly from that class of society known as the "upper ten." First came a magnificent horse superbly caparisoned, upon which sat a boy about four years old, who also was dressed neatly and tidily. The horse was led by a groom in livery, and on each side were other grooms holding the child on, and occasionally giving him sugar plumbs and sweet meats. Next followed several ladies, finely dressed, with smiles on their countenances. Immediately after them followed a band of Arab musicians, such as I have heretofore described. After these were four or five ladies abreast, and then close to them followed a sort of body-guard to the bride, undoubtedly bride's maids, being about a dozen ladies very beautifully dressed, carrying boquets of flowers, and four of the centre ones holding up a canopy made of rich, high colored silk, with embroidered curtains and tassels, and having a crown in the centre. This was some six feet long and four or five feet in length and width, and held up by four standards, one in each corner. After these followed other ladies, and the whole concluded by a miscellaneous crowd of some twenty or thirty persons—myself among the others. I had seen a pair of dainty feet clothed in small slippers, upon which were curious wrought work with golden thread, and I followed with a view of seeing the face of the bride. The canopy kept swaying around as a balloon does when being filled, and I thought rightly that one of the ladies would, by some accident or otherwise, get her corner up so high that I could get a glimpse. And sure enough they came to a corner, and one of them, in her curiosity to see something or somebody in the crowd, looked back, and her end kept going up, up, up, until I fairly saw to the very crown of the young bride's head. But after all this pains I was sadly disappointed, for she was covered from head to toot with an impenetrable, thick, white muslin veil, and within the canopy were two other young ladies leading her, whose feet in the crowd I had not before observed. Knowing that I should not be admitted into the mosque where these ceremonies were to be performed by the priest, I turned into another street, and saw them no more.

But a plebean wedding is soon described. The bride, as before, was surrounded by a few coarse, homely looking girls, each being barefooted and clothed, as that class usually are, with one single article of apparel,—a blue, coarse, cotton frock. But the main character that pleased me most was not the bride, but the one that did up the music and carried the boy to be circumcised.—The first was done by a shrill, piercing sound, made somehow, either through her teeth or something she held in her mouth, and raised by striking the palm of her hand rapidly against her mouth. The last notes were followed by keeping time with a hop, skip and a jump. All the party looked healthy and happy. The little fellow she carried the same as mothers carry all children in Cairo and other crowded cities in this country, by his sitting astride of the right shoulder, with the face towards the head. By carrying him I do not wish the reader to infer that she was, or ever had been a mother. On the corner, near where I was standing, there was a little bread stand, where the vender's only stock in trade consisted of a few thin, soft, platter-like pieces, resembling very much what the Yankees call slap-jacks. On seeing these the musician came up to the spot, and after tossing one up two or three times, and catching it as it fell on the other side, she invested about half a cent in them, getting three I believe. A couple of them she threw up on top of her head, and tearing off in strips the other, and eating by the way, she fell back to the head of the procession again, and they all went off rejoicing. In a few minutes afterwards she had effectually disposed of one of the pieces, for I distinctly heard her whistle over on another street. Such is an outside view of a marriage procession in high and in low life. The custom is, after the nuptials take place, for the bride to be left at the house of her husband.

But the time has come, and I must separate from my Nile companions, and the many agreeable acquaintances I have formed in Egypt.—Some go to one part of the world and some to another—all leave, for the hot season is approaching. But my fellow-travellers upon the Nile—when shall I and these "three meet again?" I fear never in the world. But I shall never forget the smiling, happy, handsome face of Mr. F., when hearing him enlarge upon the fashion and fun of a summer sojourn at Saratoga and Newport. Nor can I forget the grave and philosophic look of D., when he was giving his views upon the subject of the rights of labor, and the pride and aristocracy of wealth over toil and industry. But much less can I ever forget the funny face of Dr. B., when he was speaking upon his favorite subject—*Chinese schools*—or when not speaking, the cunning quizzical look of his countenance as he was mentally manufacturing a pun, or an innocent joke. But we must part, and my heart and best wishes follow each of you wherever you go.

I cannot leave without expressing how much we are indebted to our acting Vice-Consul at Cairo, Constantine Kahil, for his generous aid in helping us on with our out-fit, and valuable services rendered us in providing us with all the necessary papers to enable us to pass through the upper country with safety and comfort. This he freely and gratuitously does to all Americans, which is a great tax upon his time.

Having been fortunate enough to make the acquaintance of Mr. Marshall before I left C., he had the kindness to invite me to join his party, and we moved on together to Alexandria. Here we stopped eight days, so that the storm could admit a steamboat to enter the harbor, for these storms, about the time of the equinoxes, are fearfully severe. We took passage at last on a French steamer, and the third day landed at Jaffa—the ancient Joppa of the Bible. At this port it is believed by Scriptural writers, that Noah built his Ark, and it is certain that it was here that Solomon received the timber from Hiram, King of Tyre, with which he constructed the temple. From here, too, Jonah embarked on his way to Tarshish, and here lived Simon and Silas, spoken of in the New Testament.

This modern city, being the only port of Jerusalem, is a place of some importance. The harbor is of little protection to shipping in a storm. The town is located very handsomely on a gentle rise of ground, and commanding a good view of the sea. Seen at a distance, like many other Turkish towns, it looks well; but on entering it there are few good buildings, and the streets are narrow and filthy. Being warned not to stay there over night, as soon as we could make arrangements for horses and camels to take ourselves and luggage to Jerusalem, we were off. While at Alexandria we were told by the American Consul, Mr. De Leon, that he stopped in the city only a few nights before. Being invited to the private house of the Vice Consul, who is a native, he expected he should be exempt from the attack of the fleas with which he had heard the place abounded. Going to rest late, and being extremely tired, he did not wake until morning. He then found that he was literally covered with fleas, and that his night shirt was saturated with blood. He said he had preserved it to carry to the United States, for he did not know of anything which would be so great a curiosity.

The most interesting feature of the place is its fine gardens. For two miles I should think we rode through streets fenced on either side with cactus, which grows very large, over which we could see extensive gardens and fields of all kinds of fruit; and the soft, warm atmosphere, tempered by the Aegean winds, was loaded with the perfume of its blossoms. Many of the trees were loaded down with the golden fruit of oranges and lemons, for as I have before remarked, they have no particular season, but contain ripe and unripe fruit on the same trees. Mr. M. thought it was one of the most beautiful sights he ever saw. I had seen the same in Southern States, but not in so much perfection. There is such great abundance that fruit brings here merely a trifle. Only think of it, four large oranges for a penny; one you can eat, and no basket to put the other three in!

Among other fruit trees I noticed the pomogranate, whose buds were just ready to throw out their hectic blossoms. There is no tree in the world that looks so beautiful when in bloom—the whole flowers are one crimson red. Along side of it I observed the almond tree—this is very pretty in the blow, being of rose color with a delicate tinge of purple, but it lacks a background of green leaves. It is, I think, the only tree that blossoms without leaves. In allusion to this fact, the following little germ cannot but find a niche in every one's heart:

"The hope in dreams of a happier hour,
That alights on misery's brow,
Springs out of the silvery almond flower
That blooms on a leafless bough."

After a few hours riding over the plains of Sharon, the tall tower of Ramleh appeared in the distance. This is the Arimathea of the Bible, and the residence of Joseph, who begged the body of Christ after the Crucifixion. I never enjoyed a ride better than this gallop over just such a country as our western prairies were before settlement. There was an occasional field of grain seen, but generally nothing but naked meadows, covered with a profusion of flowers, with here and there a flock of goats, sheep and camels grazing. The rose of Sharon is no longer found, but there is a great variety of wild flowers.—After knocking long and loud at the gate of the Convent, the porter at last appeared and gave us the unpleasant information that the pilgrims from Jerusalem had filled up all their rooms and they could not accommodate us.

But I cannot loiter by the way. In the language of a modern popular novelist at "nearly close of day," on the 29th day of March, A. D. 1856, "might have been seen two solitary horsemen slowly descending the brow of a hill" towards the City of Jerusalem. Those two were from Wisconsin. But they were not so solitary after all, for immediately behind them were four other Americans who brought up the rear. But the length of this letter admonishes me that I must bring it to an abrupt close. F.

Grand Ratification of Fremont in Buffalo.

A grand Republican demonstration was made in Buffalo on Wednesday evening. Thousands upon thousands turned out. The meeting was held in the Eagle Street Theatre, which was crammed from pit to gallery, and throughout the lobbies and ante-rooms, was crowded with a living mass. Upon no occasion, for fifteen years, has there been such a political gathering in that city, except, perhaps, at the great Free Soil Convention of 1848. The enthusiasm was unbounded.

Thousands were unable to gain entrance to the building and improvised another meeting outside. The Hon. F. P. STEVENS was called to the chair and received with three hearty cheers. He is the present Mayor of Buffalo, elected by the Democrats last spring.

Messrs. Stringham, Milson, Bennett, ex-Mayor, and several other leaders of the Democracy acted as Vice Presidents. The strongest and best men of the old Whig party also took part in the ratification. Letters were read from Martin Grover, Geo. Rathbun, H. R. Selden, Chas. Reemelin of Cincinnati, and other prominent and distinguished Democrats. We make a few brief extracts to show the spirit of the whole:

AUBURN, July 5th.

In this part of the State our work is done—the old flag floats gloriously in the hands of Fremont. The black flag of slave democracy, already trails in the dust. Their standard bearer crawls on his belly, at the foot of his masters of the South. How can a creeping thing spread a banner to the breeze!

The Cincinnati platform is a slaver and a pirate by the laws of God and of Nations—the people will scuttle and sink her. The world will rejoice—the pure spirits in Heaven will rejoice—every intelligent human being will rejoice.

Be of good cheer, our cause is just, and God is also just, he shall prevail.

I remain yours truly, GEO. RATHBUN.

CINCINNATI, July 4th.

* * * Believe me, however, that I am with you heart and soul in this movement of the people for the election of Fremont.

The party insist that we Democrats owe it another four years leave of power, and as a reason they tell us that that party alone can rule this country. It has *misruled* it for four years! That is an admitted fact. In consequence of that misrule the party is now in a minority, and yet this minority claims a prescriptive right to rule the majority. And preparatory to this minority party rule, Buchanan, Cass, Douglas, and Pierce advance the most wicked and mischievous of all doctrines,—that there are no rights which the majority may not take away, and that the people can legally and rightfully establish slavery. And in the same breath they tell us, that liberty and slavery stand equal.

Think of it, the majority of the party rules the party, and the party is to be the government, and what are all citizens *not* in the party, but slaves!

Buchanan is the fit representative of such ideas. He needs a party to enable him to stand! Fremont is the reverse. To elect him breaks the party chain, it restores the people to power.

Respectfully yours,
CHARLES REEMLIN.

CLARKSON, July 7th.

Dark as our cause looked at one time, the brilliant sun of the Rocky Mountains has dispelled that darkness. The indications are unmistakeable, that *the young men of this nation*, whose hearts are uncontaminated by political intrigues, who love liberty and have an abiding faith in its ultimate triumph over despotism everywhere, are moving to the rescue of our broad prairies from the grasp of slavery; prairies to which they are justly entitled as their free inheritance. Under the banner of their bold, able and chivalrous leader, a Republican "without peer and without reproach," they are destined to triumph, and to inaugurate a new administration, which will bring back the action of the Federal Government to its ancient course. I believe Col. Fremont equal, in all respects, to the performance of this great task, and I therefore most earnestly desire his election. I see no other course which can save what are now called the free States from absolute subjection to the slave power. I have not partaken of the fear that any portion of the Union will "refuse to submit," as Fillmore threatens, to the will of the majority, fairly and constitutionally expressed through the ballot box; on the contrary, I believe that, with the election of Fremont, we shall preserve both "Liberty and the Union."

Very respectfully yours,
H. R. SELDEN.

Speeches were made by Gen. B. F. Bruce, and Gen. Nye. Strong resolutions were passed, and at the close, says the *Express*, the meeting gave three cheers for the Speaker—three for the ticket—three for the cause, and three more for "Jessie." Thus closed one of the largest and most enthusiastic city meetings ever held within the precincts of Buffalo.

Col. Fremont's Letter accepting the National Republican Nomination.

The following correspondence between Col. FREMONT and the Committee of the Philadelphia Convention instructed to apprise him of the People's Candidate for President, will speak for itself. We commend it to the earnest consideration of an enlightened and upright community:

LETTER TO COL. FREMONT.

PHILADELPHIA, June 19, 1856.

Sir:—A Convention of Delegates, assembled at Philadelphia on the 17th, 18th and 19th days of June, 1856, under a call addressed to the people of the United States, without regard to past political differences or divisions, who are opposed to the repeal of the Missouri Compromise, to the policy of the present Administration, to the extension of Slavery into Free Territory, in favor of the admission of Kansas as a Free State, and of restoring the action of the Federal Government to the principles of Washington and Jefferson, adopted a declaration of principles and purposes for which they are united in political action—a copy of which we have the honor to inclose—and unanimously nominated you as their candidate for the office of President of the United States at the approaching election, as the chosen representative of those principles in this important political contest, and with the assured conviction that you would give them full practical operation, should the suffrages of the people of the Union place you at the head of the National Government.

The undersigned were directed by the Convention to communicate to you the fact of your nomination, and to request you in their name, and, as they believe, in the name of a large majority of the people of the country, to accept it.

Offering you the assurance of our high personal respect, we are, your fellow citizens,

H. S. LANE,
Prest. of the Convention.

COL. FREMONT'S REPLY.

NEW YORK, July 8, 1856.

GENTLEMEN—You call me to a high responsibility by placing me in the van of a great movement of the People of the United States, who, without regard to past differences, are uniting in a common effort to bring back the action of the Federal Government to the principles of Washington and Jefferson. Comprehending the magnitude of the trust which they have declared themselves willing to place in my hands, and deeply sensible of the honor which their unreserved confidence, in this threatening position of the public affairs, implies, I feel that I cannot better respond than by a sincere declaration that, in the event of my election to the Presidency, I should enter upon the execution of its duties with a single-hearted determination to promote the good of the whole country, and to direct solely to this end all the power of the Government irrespective of party issues and regardless of sectional strifes. The declaration of principles embodied in the resolves of your Convention expresses the sentiments in which I have been educated, and which have been ripened into convictions by personal observation and experience. With this declaration and avowal, I think it necessary to revert to only two of the subjects embraced in these resolutions, and to these only because events have surrounded them with grave and critical circumstances, and given to them especial importance.

I concur in the views of the Convention deprecating the foreign policy to which it adverts. The assumption that we have the right to take from another nation its domains because we want them, is an abandonment of the honest character which our country has acquired. To provoke hostilities by unjust assumptions, would be to sacrifice the peace and character of the country, when all its interests might be more certainly secured and its objects attained by just and healing counsels, involving no loss of reputation. International embarassments are mainly the results of a secret diplomacy, which aims to keep from the knowledge of the people the operations of the Government. This system is inconsistent with the character of our institutions, and is itself gradually yielding to a more enlightened public opinion, and to the power of a free press, which, by its broad dissemination of political intelligence, secures in advance to the side of justice the judgment of the civilized world. An honest, firm and open policy in our foreign relations, would command the united support of the nation whose deliberate opinions it would necessarily reflect.

Nothing is clearer in the history of our institutions than the design of the nation, in asserting its own independence and freedom, to avoid giving countenance to the extension of slavery. The influence of the small but compact and powerful class of men interested in Slavery, who command one section of the country and wield a vast political control as a consequence in the other, is now directed to turn back this impulse of the Revolution and reverse its principles.—The extension of slavery across the continent is the object of the power which now rules the Government; and from this spirit has sprung those kindred wrongs in Kansas so truly portrayed in one of your resolutions, which proves that the elements of the most arbitrary governments have not been vanquished by the just theory of our own.

It would be out of place here to pledge myself to any particular policy that has been suggested to terminate the controversy engendered by political animosities, operating on a powerful class banded together by a common interest. A practical remedy is the admission of Kansas into the Union as a Free State. The South should, in my judgment, earnestly desire such consummation. It would vindicate its good faith. It would correct the mistake of the repeal; and the North, having practically the benefit of the agreement between the two sections, would be satisfied and good feeling be restored. The measure is perfectly consistent with the honor of the South and vital to its interests. That fatal act which gave birth to this purely sectional strife, originating in the scheme to take from Free Labor the country secured to it by a solemn covenant, cannot be too soon disarmed of its pernicious force. The only genial region of the middle latitudes left to the emigrants of the Northern States for homes cannot be conquered from the Free Laborers who have long considered it as set apart for them in our inheritance, without provoking a desperate struggle. Whatever may be the persistence of the particular class which seems ready to hazard everything for the success of the unjust scheme it has partially effected, I firmly believe that the great heart of the nation, which throbs with the patriotism of the Freemen of both sections, will have power to overcome it. They will look to the rights secured to them forever by the Constitution of the Union as the best safeguard from the oppression of the class which, by a monopoly of the soil and of Slave Labor to till it, might in time reduce them to the extremity of laboring upon the same terms with the slaves. The great body of Non-Slaveholding Freemen, including those of the South, upon whose welfare Slavery is an oppression, will discover that the power of the General Government over the Public Lands may be beneficially exerted to advance their interests and secure their independence; knowing this, their suffrages will not be wanting to maintain that authority in the Union which is absolutely essential to the maintenance of their own liberties, and which has more than once indicated the purpose of disposing of the Public Lands in such a way as would make every settler upon them a freeholder.

If the People intrust to me the administration of the Government, the laws of Congress in relation to the Territories shall be faithfully executed. All its authority shall be exerted in aid of the National will to reestablish the peace of the country on the just principles which have heretofore received the sanction of the Federal Government, of the States, and of the People of both sections.

Such a policy would leave no aliment to that sectional party which seeks its aggrandizement by appropriating the new Territories to capital in the form of Slavery, but would inevitably result in the triumph of Free Labor—the natural capital which constitutes the real wealth of this great country and creates that intelligent power in the masses, alone to be relied on as the bulwark of free institutions.

Trusting that I have a heart capable of comprehending our whole country, with its varied interests, and confident that patriotism exists in all parts of the Union, I accept the nomination of your Convention in the hope that I may be enabled to serve usefully its cause, which I consider the cause of Constitutional Freedom.

Very respectfully,
Your obedient servant,
J. C. FREMONT.

To Messrs. H. S. Lane, (President,) James C. Ashley, Anthony J. Bleecker, Joseph C. Hornblower, E. R. Hoar, Thaddeus Stevens, Kinsley S. Bingham, John A. Willis, C. F. Cleveland, Cyrus Aldrich, Committee, &c.

CROPS.—We are told that wheat never promised better than it does now, and a heavy yield is expected. From our window we look upon several fields, already tinged with yellow, which will soon be ready for the reaper. Corn, though somewhat hindered by the drouth of May and June, is now coming forward rapidly, and an average crop is expected. Farmers have commenced haying, and the harvest may be considered as fairly commenced.—*Jeffersonian*, July 10th.

The Celebration at Ripon.

RIPON, July 10, 1856.

MESSRS. EDITORS:—A correspondent of the *News* is distressed to know why we omitted to read the Declaration of Independence in our celebration here on the Fourth. I will tell him; it was out of deference to the feelings of the few—the very few—Democrats present. They scoff at and deride and ridicule the doctrines of that instrument. Some of them were quite near the platform—the *News* correspondent particularly so, and taking notes to very little purpose—they must hear it if it were read, or stuff their ears with cotton, which they don't like to do, and so it was humanely omitted.

And now seeing that my hand is in, permit me to say further that the celebration, which for weeks had in the anticipation, been an ogre of most frightful mien to the wan and grizzly ghost of Hunkerism hereabouts, was a splendid and unparalleled triumph. There were not many merry faces in Ripon on that day, not much firing or other noisy demonstrations of joy, in short not the usual accompaniments of the old sort of celebrations. But in that vast multitude—and vast it was, such as this interior country never saw before—there was a deep and an abiding earnestness entirely commensurate with the solemnity of the occasion, as the result in actual dollars and cents will testify. The blood of this western district of Fond du Lac and all this region is up. Tories are as scarce, in fact much *more* scarce, here now than they were in Massachusetts in the year 1775. I make this prediction: that we give a larger majority for Fremont and Dayton, than any other assembly district in the State. RIPON.

A Vote on the cars.

MESSRS. EDITORS.—On the evening train of cars from Detroit to Chicago yesterday, observing an unusually intelligent company of passengers, we proposed taking a vote on the Presidency. We accordingly went through all the cars and took every man's vote with the following result:

Buchanan, ...	19
Fillmore, ...	10
Fremont, ...	62

There were some circumstances connected with the canvas which attracted notice. We uniformly remarked that those who voted for Buchanan did so in a hesitating, reluctant sort of a way, as though ashamed or afraid to speak the name, while the votes for Fremont were prompt, open and hearty.

Two noble, intelligent and enterprizing looking men sat together. I said, "Who is your candidate, gentlemen?" One of them replied "We are Californians, Sir, that, I presume, is a sufficient answer." "Fremont, of course," said I. "Fremont, of course," was the prompt response.

Another gentleman, in reply to the same question, said, "Is that question entirely respectful, sir?" I inquired why. "Because," said he, "it seems to imply a doubt either of a man's honesty or his intelligence, to ask a question which an honest and intelligent man can answer in but one way." "You mean Fremont, then," said I. "Of course," he replied.

The wide-awake wife of one man who sheepishly said "Buchanan," earnestly begged me to record *her* vote for Fremont as an offsett, saying that after all her husband would not be a bit sorry if Fremont should be elected.

Another said, "Three for Fremont, myself, wife and daughter." The two last I was sorry to be obliged to decline recording.

The Indian's Mite to Kansas.

NEENAH, Wisconsin, July 9, '56.

MESSRS. EDITORS:—A few days since, a middle aged Indian, of the Stockbridge Tribe, came into our store and said that he wished to contribute his mite towards making Kansas a Free State, and handed me one dollar. He gave his name which is Levi Konkapot. I send enclosed the dollar, and request you to use it for the purpose stated. Said the Indian—"had I twenty thousand dollars I would willingly give five thousand of it for the benefit of Free Kansas."

The Indian was a stranger and soon left, feeling undoubtedly that he had only performed his duty. Comment is unnecessary, but should not the white men of the North learn a lesson from their Red Brother. You can count on a big majority from Old Winnebago Co., for Fremont and Freedom. Respect'y Yours,

J. H. P.

Preston Brooks Endorsed at "Black Mingo."

Correspondence of the Charleston Mercury.

BLACK MINGO, June 29.

Pursuant to call, an unusually large portion of the citizens of this place assembled at the Post Office to-day, to express their approbation of the recent chastisement of Senator Sumner, of Massachusetts, by Col. Brooks, of this State. On motion of Col. T. S. Cooper, T. J. Finkles, Esq., was called to the chair, and J. T. McConnell requested to act as Secretary.

After the usual formalities, the people of "Black Mingo" embodied their views as follows:—

Whereas, we, the citizens of Black Mingo, have heard, with much gratification of the late castigation of the vile slanderer, Charles Sumner, of Massachusetts, by our chivalrous Representative, the Hon. P. S. Brooks; and, whereas, the said castigation was not only a vindication of personal right, but a patriotic defence of South Carolina and South Carolina honor. Be it therefore

Resolved, That we highly approve the course of our distinguished fellow-citizen, Col. BROOKS, in his recent chastisement of the notorious abolitionist, Sumner.

Resolved, That the Senate Chamber of the United States was the proper place, where the slanderous attack on the South, and Judge Butler, our worthy Senator, was made.

Resolved, That in token of approval of the course of Col. Brooks, the Chairman appoint a Committee of three to procure a cowhide, with suitable inscriptions thereon, to be presented to the Hon. P. S. Brooks, for future use, on behalf of this meeting.

The report of the Committee being laid before the meeting, was unanimously adopted.

The Committee appointed under the last resolution were Dr. J. J. Steele, Col Cooper and Capt. Britton.

The Three Brothers! Pierce, Douglass and Buchanan.

President Pierce said of the Cincinnati Platform, in his recent speech at Washington:

I congratulate you that your choice has fallen on a man (BUCHANAN) who stands on the ☞ *identical Platform that I occupy*, and that *he* will take the *same*, with the standard lowered never an inch!

DOUGLAS, in his speech at the ratification meeting at New York, said:

BUCHANAN and myself have, for several years back, ever since I came into public life, ☞ *held the same position on the slavery question from beginning to end.*

Mr. BUCHANAN, in his late address to the Key Stone Club at Wheatland, Penn., said:

I have been placed upon a platform of which *I most heartily approve, and that can speak for me.*

The election of BUCHANAN ensures the confirmation of the Pierce and Douglas policy in the administration of our Republic. No one who has opposed Pierce or his measures, can consistently or honorably vote for Buchanan.—*Wisconsin.*

OFFICE OF THE DAILY SENTINEL, Milwaukee, July 12, 1856.

Received by Mil. & Miss. R. R.—9,946 bus wheat, 64 bbls flour, 136 sacks wool, 16 hides, 9 bbls eggs, 3 car loads stone, 2 do hogs.

By La Crosse & Mil. R. R., 10th—5,560 bus wheat, 128 bbls flour, 4,664 lbs wool, 25 bus potatoes, 8,000 ft. lumber, 8 cars stone, 8,760 lbs sundries.

Do 11th—5,789 bus wheat, 184 bbls flour, 6,430 lbs wool, 61 bbls beer, 26 bus potatoes, 8,000 ft. lumber, 9,600 lbs sundries.

Good receipts of Grain yesterday, and market active at previous rates. For spring and club $1,25 was freely offered, and a few thousand bushels sold at that figure.—Holders were inclined to ask more, and will, no doubt, insist on an advance to-day, upon the strength of the *Africa's* news, received yesterday. After the news transpired, there were sales of club at $1,24. Winter wheat would readily bring $1,28a1,32.

BARLEY and RYE nominal, at last figures.
OATS—34a36.
CORN—active, 41a43.
FLOUR—dull and unchanged.

Chicago Market.

CHICAGO, July 11.

The Flour and Grain market show great buoyancy to-day. Prices are decidedly higher, as will be seen by sales noted. Freights are so low that vessel owners are generally buying all the grain in market, for freights, that is fit to ship.

WHEAT—Car load spring to store $1,16; 7,000 bus do do, $1 14; some sales were made of spring at $1,17 on board, at which it is brisk; some ask $1, 8 on board. It is difficult to make up a cargo in market. A few hundred bushels of spring sold in store at $1 12½, and a sale of 200 bus common red winter is noticed at $1,20 to store.—There is but little winter offered; sales of 250 bus spring to mill at $1,15.

CORN—Sales of 90,000 bus corn at 44a45c on board, and 41 in store. Amount now in store at Chicago, 249,000 bu.

FREIGHTS—No charters reported. Corn to New York is about 18c, or 2c to Buffalo, and 6c to Oswego. There are rumors of still lower figures, but these are the fair quotations.—*Tribune.*

Breadstuffs in Europe.

The inundations in France, and the fact that no supplies are expected this year from Russia, are having not a little effect on that side of the Atlantic upon the prices of grain and flour. *The Mark Lane Express* says:

The circumstance that still smaller supplies appear, under an additional stimulus, leaves the conviction stronger that stocks in the country are working close; and as the second year has nearly passed with considerably diminished foreign imports, there is no storeing granary on which to fall back should any sudden emergency place us under a pressure. Though the waters have been fast subsiding in France, both flour and wheat have risen there to a parity with our own markets, and there may yet be a short but very trying rivalry between the two countries for bread corn.

WE would recommend our invalid readers to give "*Hoofland's German Bitters*" a trial, as we feel assured a medicine that can produce such evidence as the following, in its favor is no humbug:

J. D. SPRING says:

ROCKPORT, Monroe Co., N. Y., Feb. 27, 1855.

"Send me a fresh supply of Bitters immediately. It gives the very best satisfalisfaction. One gentleman had been troubled with Dyspepsia for a long time, and spent the most of last summer at a noted Water Cure establishment, but found no relief whatever, until he used the Bitters. *He is now entirely cured.*"

REV T P PFISTER says:

NEW BROOKLYN, N. Y., 8, 1855.

Dr. C. M. Jackson—Dear Sir—I request you to send us by the first opportunity, three bottle of "Hoofland's German Bitters," and I am glad to state that the Bitters have cured different persons of my acquaintance, when physicians' help was without effect, especially in hemorrhoidal cases (bleeding piles,) the effect and cure was sure and certain.

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all-powerful, pain-subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 74 Barclay and 229 Greenwich street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States. jy10d1184w6m

POLICE COURT, JULY 11.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Martin Morris, disorderly, fined $10; Bridget Morris, do, $1; Patrick O'Neill, disorderly, found not guilty and discharged; Ellen O'Neill, found guilty, fined $8; Correstes Denley, fast driving on bridge, fined $2.

City warrants were issued against Whaling, Lawrence and Wheeler, on complaint of Policeman Capron, charging them with violating the ordinance to prevent nuisances.

STEALING A PICKAXE.—A man named Johan Bente, plead guilty to stealing a pickaxe, of the value of $1,50, the property of B. Church. The prisoner was sentenced to twenty days imprisonment in the County Jail.

THE PICKPOCKETS.—A warrant was issued against the two pickets, arrested by the Police the night previous, charging them with attempting to steal, from the person of Joseph Mangus, a German butcher residing in the 7th Ward, six dollars in money. The names of the men were given as George Cluse and Charles Pendergrass. Their examination will be had this morning at 10 o'clock.

John Dorsey, for fast driving in the street, was fined $5.

A warrant was issued against John T. Grasser, for fast driving in the street, on complaint of Policeman Coughlin—the defendant plead not guilty, and the trial set down for this morning.

THE NEW CUSTOM HOUSE.—This building, when completed, will be a great ornament to our city. It is to be 110 ft. front on Wisconsin and 90 on Milwaukee; built of the Athens marble and with corrugated iron roof. The basement and first floor will be used for the Post Office, second story for the Collectors office and P. O. clerks, third story, U. S. Court Rooms and offices. The amount appropriated for the building and contingent expenses is $121,000. The superintendent is M. W. Gunnison, Esq., a competent man for the place. We presume that no time will be lost in pushing the work ahead. A large number of men are now employed in getting the stone ready and preparing the foundations.

BILLIARD SALOON AT FOX LAKE.—P. SULLIVAN, (the P stands for Parterick, so Pat says,) is just opening a Billiard Saloon at Fox Lake, Dodge Co., with two slate bed billiard tables. A bar, supplied with good liquors, wines, &c., and, in addition to this, a reading room, with the New York and English Sporting papers, will be attached to the Saloon. Pat is an old settler in Fox Lake, and asks his friends to call in and see him, particularly those who once voted for him.

STREET COMMISSIONERS' NOTICE.—The Aldermen of the Third Ward give notice that Michigan, Huron and Detroit streets, from East Water to Main street, must be paved with square or rectangular shaped stone, within 21 days, by the owners and occupants of lots, or the work will be done by the Aldermen themselves and charged to the lots.

ESCAPED PRISONER ARRESTED.—A prisoner named Bauer, who escaped from our County Jail some time since, was caught in Chicago, by Policeman Kessler, of this city, and brought back on Thursday evening, and again lodged in jail. The offence with which he was charged was burglary and larceny.

RELIGIOUS NOTICE.—We are requested to state that the Rev. Mr. Spees, of the First Presbyterian Church, will deliver a discourse to-morrow evening on the present condition of our country. The interest of the theme and the ability of the preacher will no doubt attract a crowd of listeners.

FOR COLLINGWOOD.—The steamer *Keystone State* will leave our port for Collingwood to-morrow morning at 8 o'clock. The boats of this line are running full every trip; the route being a favorite one for summer travel.

MORE RAIN.—We had another drenching shower yesterday morning. The earth is now pretty thoroughly saturated; the wells and cisterns full and the streams brimming. A spell of dry weather for harvest would be quite acceptable.

WALL, at the City Auction Room, sells a large lot of superior Cigars this morning, at auction. See his advertisement.

I shall continue to publish a weekly report of sales as heretofore, and would recommend all who are interested in Real Estate, to take the paper containing my said report, and file the same, by which means they will always be familiar with, and have a correct list of all transactions in this line of business. My report is got up with the greatest possible care, and is therefore correct and reliable in every item.

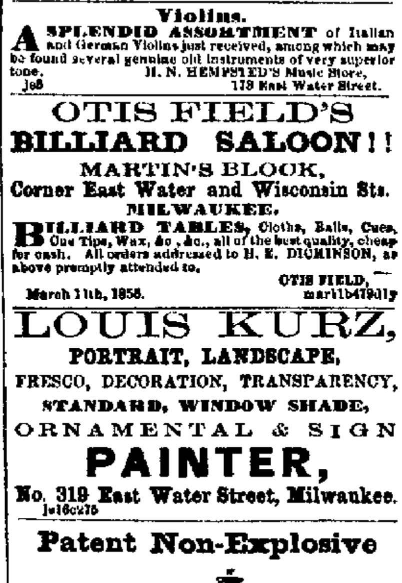
Patent Non-Explosive



CAMPHENE LAMP AND CAN.

IN OFFERING TO THE PUBLIC the admirable and long needed improvement in burning Camphene, we consider the safety and many advantages to be obtained in the use of these Lamps and Cans in preference to the common Fluid Lamps and Cans now in use, a great benefit to community, as it is generally conceded that Camphene yields the clearest and most brilliant light of any known substance—and the only obstacle to its universal adoption has hitherto been its explosive tendency, which this improvement most happily removes.

The Lamps are suitable for Churches, Public Halls, Stores, Parlors, and ordinary family use.

SELF-VENTILATING

REFRIGERATOR

THE public are invited to call and examine the above beautiful article before purchasing elsewhere, being the only kind made in the world that are perfectly free from

Moisture, Mould, Must, and Impure Flavor.

The ice chamber is so constructed that a current of air is admitted, which, coming in contact with the cold surface of the chamber, the moisture is condensed, and a dry current of cold air is produced, passing into the preserving chamber at the bottom—then, as the warmth is extracted from the articles placed therein, it expands and rises through the wire shelves, absorbing the moisture, and passing out at the highest point into the external atmosphere, thus maintaining a continual current of dry cold air, increasing the preserving qualities 10 to 15 degrees, (that is to say, if the temperature is 60 degrees and dry,) it will preserve meats and vegetables better than a moist temperature at 45 degrees.

"PRO BONO PUBLICO."

W. LAIDLAW'S LAND AGENCY, office 230 East Water Street, 2 doors south of Walker House. I beg to return thanks to the public for the liberal patronage bestowed upon me during the time I have been engaged in the real estate business, and I do so with all the more pleasure on account of having received the most striking proofs of the manner in which my services are appreciated. Those who have patronised me know well, and will cheerfully testify to, the advantages which I offer. My principles are straight-forward, honorable and honest. I never require any one leaving the sale of property in my hands, to sign any written obligation of whatever nature or kind soever, binding him to pay a commission anyhow, but adopt the principle of "*No sale no charge.*" The great increase of business has compelled me to enlarge my office, which, now being finished, is the most convenient and desirable in the city, and as the list of property I offer for sale is second to none, I would strongly recommend those who wish to be well served to make my office their head quarters. I have prepared a new map of the city, which exhibits at one glance, and in striking colors, all the best and most desirable property offered for sale. may17

Famous Chance for a New Comer or an Old Settler!

VALUABLE FARM AND WATER POWER for sale. I will sell one of the best farms in the State, with a moderate cash payment, and on easy terms, or exchange same for city property.

Said farm is situated 20 miles from Milwaukee, on a Plank Road, and 3 miles from a depot on the Milwaukee and Mississippi Railroad, and comprises 360 acres, of which 289 acres are fenced, improved, and partly cropped. There are on said farm one frame house, one log house, one large frame barn and any number of sheds, &c., a fine orchard, beautiful springs and a running stream with a considerable fall, the dam is built and a large portion of timber collected on the spot for the erection of a mill, which in that neighborhood would prove a largely paying investment. The property is owned jointly by two parties who are desirous of dividing and setting up their joint interests, and for this reason offers a rare chance for an enterprising man to make a good strike.

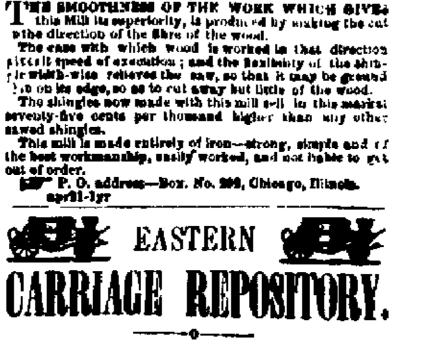
PATENT SHINGLE MILL



EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives it speed of execution; and the flexibility of the shingle width-wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

F. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day
The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c, whilst in brilliancy and richness of surface it surpasses all other paints It possesses superior advantages in retaining permanently even the most delicate colors with which it is combined

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.

THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways and thus avoid loss of time in going back They cut with ease, when properly attended, Fifteen Hundred Feet per Hour They are not more complicated, nor more likely to get out of repair, than any other Siding Machine. A Machine on this plan for sawing wide lumber in connection with an upright saw for slabbing the logs, will exceed anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction

MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE,

Under the supervision of the inventor, where Machines may be obtained, on application to
PINNEY YOUNGS & CO

We subjoin the following Testimonials of the estimation they are held in by purchasers

MANISTEE, Michigan, October 1st, 1855
PINNEY YOUNGS & CO *Gentlemen* —In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended It far exceeds my expectations To give you an idea of what can be done with it, I will give you an account of a few hours sawing. It cut in four hours and twenty minutes, Eight Thousand Nine Hundred and Sixty Feet of Lumber, superficial measure, and that in the most perfect manner.
Yours truly

MEDICAL.

DR. WEAVER'S
CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c , &c
Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish These medicines are too well known to require anything more than a plain statement of facts The joyful intelligence is arriving daily from East, West, North and South, of wonderful cures they are performing
See what is said by those who have used these medicines:
The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."
Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."
Dr A J Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."
Rev August Bolles says "it has cured the Salt Rheum in my leg."
J Hatfield Fraser, Esq , editor of the Somerset Whig, Somerville, N J , says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."
Hon Joel Loomis, of East Lyme, Conn , says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years but Weaver's Syrup and Cerate did the work at once."
Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form I tried several Physicians in New York, Brooklyn and Greenport I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."
The Rev J S Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.
Ask Seth Prisbery, of Taunton, Mass, what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co , N Y., what the syrup has done for him; ask G. F. & W H Boynton, of Perkinsville, Vt, ask F L Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm F Keables, or Wm P. Benjamin, Esq., of New London, ask Dr H M Murdock, of Pulaski, N. Y, ask J O Smith, of Brooklyn N Y, who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby, N. Y, who has been cured of a severe case of Salt Rheum, ask Chas Akin of Home, N Y, what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N Y what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

TO THE MILLION!
READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following

CARLYLE, Ill., June 29, 1855.
I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect My hair was becoming, as I thought prematurely grey but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.
SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind , June 10, 1855.
Prof O J Wood Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair
Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus
To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.
Yours, &c , ———.
July 1, 1854.

GARDINER, Me , June 22, 1855.
Mr Dyer Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair Before using it, I was as grey as a man of seventy. My hair has now attained its original color You can recommend it to the world without the least fear, as my case was one of the worst kind.
Yours, &c ,
DANIEL N MURPHY

St. Louis, March 7, 1854.
Prof Wood —My hair commenced falling off some three or four years since, and continued to do so until I became quite bald I tried all the popular medicines of the day, but to no effect At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted
A C WILLMARSON,
183 Second Street.

St. Louis, June 25, 1852.
Prof Wood —As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
I am, sir, yours, &c ,

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.

A CERTAIN, safe, and effectual remedy for Diseases of the Bladder, Kidneys, Gravel, Dropsy, Obstructions, Female Complaints, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.
This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure certain and permanent
This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients This infallible remedy has saved thousands from the hands of merciless quacks, if not from premature graves In cases of infections, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing safe cures It contains no narcotic, or other injurious drug, but is a purely VEGETABLE COMPOSITION It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or medical advice, as plain directions for use accompany the medicine Reader, if you have any of the above complaints, do not neglect them, DELAYS ARE DANGEROUS. With this medicine you can cure yourself, and thus prevent all exposure
Truth must and will prevail This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the system, restoring the patient to a perfect state of health and purity And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a cure and preventive of any of the above ailments

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract of
SARSAPARILLA.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence of life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin
It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends Numerous preparations of Sarsaparilla and of Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.
These medicines require considerable care in the preparation and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations.—It is, therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible form for their exhibition The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water, is equal to the Lisbon diet drink, and one [illegible] gallon of Syrup Sarsaparilla [illegible] made.
